1. Summary of significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting.

This general purpose financial statements do not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by Lycopodium Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the International Accounting Standards Board ('IASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The critical accounting estimates and judgements are consistent with those applied and disclosed in the 30 June 2022 annual report.

2. Segment information

Management has determined the operating segments based on the reports reviewed by the Board that are used to make strategic decisions.

(a) Description of segments

The Board considers the business from both a product and geographic perspective and has identified four operating segments of which three are reportable in accordance with the requirements of AASB 8.

The Minerals segment consists of engineering and related services provided to the extractive mining industry. The clients, including junior exploration companies and major multinational producers, are developing projects for a wide range of commodities. These projects range in scope from large greenfield projects involving process plant and equipment, civil, building works, control systems, services and infrastructure to small skid-mounted pilot plants.

The Process Industries segment consists of engineering and related services provided to the manufacturing and renewable energy facilities throughout Australia and South East Asia.

The Project Services - Africa segment consists of project management, construction management and commissioning services provided to the extractive mining industry in Africa.

All other operating segments are not reportable operating segments, as they fall under the quantitative thresholds of AASB 8. The results of these operations are included in the 'Other' column.

The remaining operating segments that are not reportable consists of:

Infrastructure:	Asset management, engineering, architectural and project delivery services to a wide range of private and public clients across Australia.
Metallurgical:	Metallurgical consulting providing a range of services to the mineral processing community, primarily in the field of comminution, hydrometallurgy and mineral processing design.
Project Services Asia:	Provision of drafting services for offshore Lycopodium entities.

Management has determined the operating segments based on the reports reviewed by the Board of Directors that are used to make strategic decisions.

2. Segment information (continued)

2. Segment information (continued)

(b) Other segment information

(i) Segment revenue

Sales between segments are carried out at arm's length and are eliminated on consolidation. The revenue from external parties reported to the Board of Directors is measured in a manner consistent with that in the statement of profit or loss and other comprehensive income.

Segment revenue reconciles to revenue from operations as per the statement of profit or loss and other comprehensive income as follows:

	31 December 2022 \$	31 December 2021 \$
Reportable segment revenue	159,147,572	101,577,492
Unallocated	792,162	801,820
Revenue as per statement of profit or loss and other comprehensive income	159,939,734	102,379,312

(ii) Segment profit before tax

The Board of Directors assesses the performance of the operating segments based on a measure of profit before tax.

A reconciliation of reportable segment profit before tax to the profit before tax in the Consolidated Statement of Profit or Loss and other comprehensive income is provided as follows:

	31 December 2022 \$	31 December 2021 \$

6. Fair value measurement of financial instruments

The following table details the group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement being.

- (a) Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities
- (b) Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices), and
- (c) Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The group considers all investments to be Level 1 investments.
